

STELLA BELLA

2023 Semillon Sauvignon Blanc

Born and bred in Margaret River, Semillon Sauvignon Blanc harnesses the characteristics of the Margaret River lifestyle and ocean living. Fresh flavours from the elegance of Luminosa vineyard Semillon and the punchy perfume and fruit drive of our Rosa Brook Road vineyard Sauvignon Blanc...a perfect harmony.

Appearance

Pale straw with green hues.

Abundant aromas of...

Pear and lime blossom, complemented by subtle hints of musk and guava. Exceptionally fresh and vibrant.

Palate

Instantly pleasing with lovely weight and generous texture. Meyer lemon and pear follow through on the palate with a hint of musk. Refreshing natural acidity leads to a soft and supple finish.

Enjoyment

A Margaret River classic, freshly caught Augusta King George Whiting.

Place

Our Sauvignon Blanc and Semillon vines are planted throughout our collection of southern Margaret River vineyards. The majority of Semillon is derived from our Luminosa vineyard and Sauvignon Blanc from our Rosa Brook Road vineyard. A multiple personality wine, it represents the uniqueness of each vineyard site while maintaining a defined Stella Bella style.

Vintage 2023

An epic Southern Margaret River vintage saw a cool October and November give way to a warm summer, accelerating ripening across all varieties. March brought a refreshing coolness, accentuating the delicate flavours of the harvest. Sauvignon Blanc and Semillon were fruitful with lovely aromatic intensity.

Winemaking

Semillon and Sauvignon Blanc were fermented in tank to enhance aroma with already abundant textures from a warmer vintage.
