BOIZEL

CHAMPAGNE

Rosé Absolu

A complex rosé Champagne, very delicate, with subtle notes of red fruits. Born from the blend of the three grape varieties from Champagne, partly vinified as a red wine (8%).

CRAFTING

The Rosé Absolu blend is dominated by Pinot Noir, chosen for its character and finesse. The Chardonnay gives it refined elegance, and the Meunier, a magnificent fruit-driven fullness.

Its beautiful colour and aromas of red fruits are obtained by adding a small quantity of red Champagne wine during blending. This red wine, made from Pinot Noir grapes, is produced in Cumières and Les Riceys, in the heart of Champagne's greatest red wine terroirs.

TASTING

The colour is pale pink with golden, coppery glints. The very fine, light bubbles form a lively ring.

The fine, subtle nose, offers delicate, fruity flavours of red fruit (wild strawberry, cherry).

On the palate, the wine is satin-smooth and deliciously fresh. It is generous, well-structured and round. The refined aromas of fruit (raspberry) gradually grow more intense, and blend perfectly with citrus notes against a slightly spicy and mineral background. The elegant finish has great length.

FOOD AND WINE PAIRING

Perfect for enjoying as a delicate summer aperitif, the Rosé Absolu is a delicious partner for cold meats or lamb, and goes harmoniously with red fruit desserts.

FOR THE RECORD

Cumières and Les Riceys are among the most famous villages in the Champagne region to produce the red wine used to make rosé Champagnes. Wines that symbolize the diversity of the Champagne region: Cumières, in the Marne Valley, perfectly complements Les Riceys, the southernmost vineyard of the appellation, on the border with Burgundy.

In detail

40% Pinot Noir, of which
8% are vinified as a red wine
30% Chardonnay
30% Meunier

Aged 3 years on lees
Dosage: 7g per litre
30% reserve wines with 4% reserve wines aged in foudres
