

## Boigin Gin

Type: Gin

Bottle Size: 70 cl

Alcohol Content: 40% Vol

Appearance: Transparent, clear

Aroma: Typical of gin, with citrus tree flavors and hints of Sardinian spontaneous herbs

Taste: Spicy, with a pronounced note of botanical herbs from the maquis and a typical gin aftertaste

### Curiosities:

Boigin is a unique gin, enriched with lemon, tangerine, and orange peel for added body and freshness. Hand-harvested juniper cones, carefully transported in woven containers to prevent damage, are combined with copper stills for a meticulous distillation process. The final product, after resting for one month to ensure homogenization, is clear and versatile. It is perfect for a refreshing Italian Gin & Tonic, Negroni, or Martini, and can be used in a variety of cocktails, with its citrus and herb notes making it particularly exceptional.

### Serving Suggestions:

Perfect for a classic Gin & Tonic, Negroni, or Martini. Ideal for any cocktail requiring a fresh, herbal gin.
