Curiosities:

Silvio Carta's bitters are an explosive product, bursting with the scents of Sardinia and Mediterranean scrub. Wrapped in an artistic label with Futurist influences, it's perfect for mixing, such as in an all-Sardinian Negroni. With its bold flavor profile, it's also ideal for serving neat with ice, a slice of blood orange, and a few drops of Angostura.

Serving Suggestions:

Best served neat with ice and a slice of blood orange, or as part of a classic Negroni, Americano, or a Spritz.
