

Amaro Bomba Carta Caffè Tustatu

Type: Amaro

Bottle Size: 70 cl

Alcohol Content: 26% Vol

Appearance: Characteristic of coffee

Aroma: Very complex, balanced, with high aromatic intensity

Taste: Sweet and fragrant with fresh, fruity notes, balancing acidity. The aftertaste is intense, highlighted by the blend of different coffee varieties and the presence of bitter strawberry tree honey, a rare and authentically Sardinian honey

Curiosities:

This amaro is made through the infusion of 100% Arabica coffee beans from El Salvador, Santos, Colombia, and Honduras, roasted in Sardinia. The coffee is macerated with strawberry tree honey, a rare, bitter honey found only in Sardinia. The beans are not pressed during the process, making the liqueur caffeine-free.

Serving Suggestions:

Best enjoyed neat, on the rocks, or as a key ingredient in cocktails like the Espresso Martini.
